Interpretations Task Group

• A request was made to send the original requests digitally with the spreadsheet.
• The should recommendation for maximum cap height of 1/16” is causing problems for some regions and their local regulators.
• Section 7 is not looked after by a specific SC, it has been proposed that this section should form a SC to look after the less “active” sections.
  • General Interest SC currently holds this responsibility
• Several Items were returned to SC for interpretation
