Report to Main Committee

1. There were 46 members and guest in attendance this week during the NDT Subcommittee meetings.

2. Minutes from the 2018 NDT Subcommittee meeting were approved.

3. Old Business

3.1 NDT Subcommittee during the 2018 had considered adding to future agendas discussion for the need to develop CRA NDT examination criteria. Interest had been raised, and three volunteers (Tim Anderson, Mick Wilson, & Dennis Teeter) came forward to work with Chuck Woodruff in this effort. There were no discussions or actions taken during the 2019 meeting.

3.2 During the 2018 subcommittee meeting a discussion was held whether to consider a possible revision to Section 11.1.7 – Production Radiography to allow AWS Certified RFI (Radiographic Film Interpreter) to interpret radiographic images. No action was taken and the RT Work Group for Section 11.1 was assigned with studying this matter and reporting back with a recomendation to the RT Task Group.

4. New Business

4.1 NDT Subcommittee discussed and approved the NDT related items that recently came out of the API Interpretations Task Group (ITG) meeting.
   - Section 11.1.6.1 of 20th edition
   - Section 11.1.6.1a of 21st edition

4.2 The NDT Subcommittee’s RT Task Group and AUT Task Group were assigned with developing comment resolutions to over 217 NDT related comments from the ballot on the 22nd edition. Both Task Groups completed their assignments and have submitted their proposed resolutions to the Subcommittee Chairs. The Chairs will merge the comment resolutions into one spreadsheet and then submit them to the NDT Subcommittee voting members for final vote and approval.

Respectfully submitted,

David L. Culbertson
NDT Subcommittee Co-Chair
